

A TRIBUTE TO CONGRESSMAN WALTER E. FAUNTROY

In the history of Washington DC, no other person has had the impact of advancing the rights of the people of the District of Columbia more than Congressman Walter E. Fauntroy. As a soldier for Dr. Martin Luther King, Jr. he convinced Dr. King to join him in pushing for D.C. Home Rule. As a member of Congress, he played a pivotal role in getting the House and Senate to pass the D.C. Voting Rights Amendment – by supermajorities, two-thirds of each body! The greatest Tribute you can pay for his unparalleled work is to join in helping to lobby Congress to support the D.C. Statehood Bill. You may do so by signing up at the Tribute or sending your contact information to AttorneyJB@comcast.net.
